

# Meet Veriu - The latest member at +U

**It's not often you find a hotel group working from a collective workspace, but then again +U isn't your typical workplace and Veriu Hotels are anything but your ordinary tenants.**

Veriu Hotels like to do things a little bit differently. With a belief in creating authentic connections between cities and the people who pass through them, Veriu are hosts to over 20 bespoke hotels around Australia. More importantly, they are as much in love with this thriving neighbourhood as we are.

Get to know this eclectic and friendly bunch a bit more below.

## WHAT WE'RE ALL ABOUT

Veriu was started by Sydney locals that love this city. Today, we create hotels that enable guests to feel connected to this thriving city, in a way that is unique to them. Our collection of 'neighbourhood hotels' are rooted in their location and architecture. Each engages their surrounding village and local communities.

## WHAT WE'RE WORKING ON

We've been around for a little while, but we're more concerned about where we're going. We're currently developing a series of new hotels in Melbourne that will be brought to life by the community around them.

Looking for a new workspace or maybe you just want to come hangout with likeminded people? Get in touch or book a tour here.

## WHY WE CHOSE +U

We're all about collaboration and mixing it up with likeminded people - we feel it keeps us on our toes. We decided to move in to +U because we felt it fit our work culture and ethic. We're also pretty excited for the ground floor cafe and bar as well as the personal bike racks.

## WHERE WE HANGOUT.

You'll mostly find us roaming around on level 6 but we also love a chat. You'll probably notice us popping into your level, your yoga class or picking your brains by the bar for counsel on the regular. We hope we can offer the same to others. Come say hi!
