

## The Hub

A floor dedicated to those building their dreams, literally. Level 5 is where composition and construction come together. With high ceilings, plenty of light and contemporary design, this floor will inspire those that work with the material but rely on the mental. Find a couch by the arched window and let the creativity flow.

## L5

Perfect for Architects, engineers, designers, project managers and everyone in between.

### Exclusive Features

- Dark Room (photography)
- 3d Printer
- Lockers & bike racks
- Meeting rooms
- Larger breakout space & lounge
